Risks and Securing activities

policy recommendations

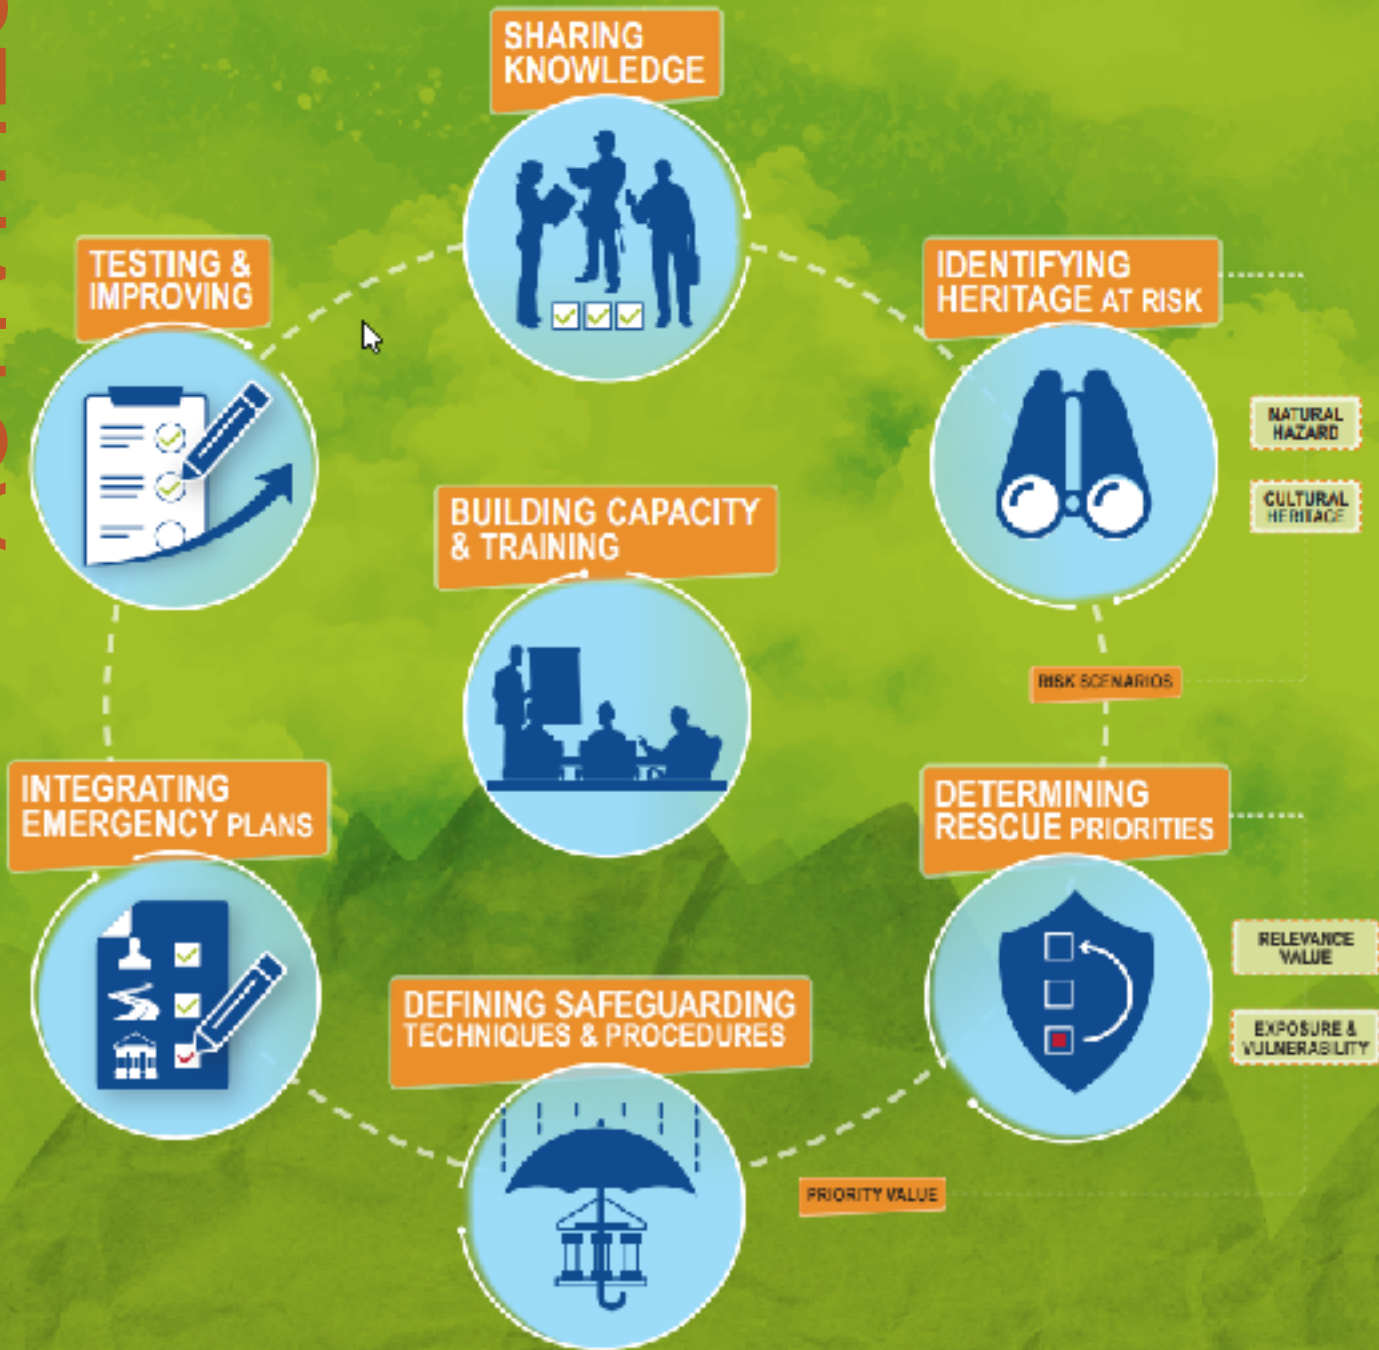

**Local strategies.
The six pillars for salvaging
cultural heritage against
natural hazards.**

An aerial photograph of a city area with a river, overlaid with a civil protection plan. The plan includes blue circular markers with an 'X' inside, green arrows indicating movement or routes, and blue shaded regions along the river. Handwritten text in blue and red is visible on the map. A white text box is centered over the map.

A new concept of
